

VLP Law Group LLP on FlexJobs Annual List of Top Virtual Companies

VLP Law Group was included on the 2016 Annual List of Top Virtual Companies released by FlexJobs. FlexJobs, a site for those seeking telecommuting, flexible schedule, part-time, and freelance jobs, released its third-annual list of the top 125 companies that operate mostly or completely remotely.

To create this list, Flexjobs researched hundreds of companies to identify 125 that truly embrace remote working. The companies on this list make it possible for the majority or all of their team members to telecommute 100 percent of the time.

The entire list may be accessed on the [FlexJobs Blog](#). Forbes Magazine also published an article about the ranking. [Click here](#) to view the article.
