

VLP Law Group Presents a Free Webinar: After The Term Sheet – Do You Own Your Intellectual Property?

On November 16, 2017, VLP Law Group LLP presented a free webinar titled, "After The Term Sheet – Do You Own Your Intellectual Property?"

Intellectual property rights often represent most of the value of technology and biomedical companies. Any business acquisition, merger, or technology transfer agreement will of course include a list of intellectual property rights among the involved assets. Yet the rules of ownership and transfer are not always clear. Common practices can also lead to the acquirer not actually obtaining the legal rights they think they are getting. VLP Partner **David Thibodeau** and former Partner **Jeremy Cubert** explored the top ten defects in intellectual property title and transfer and how to avoid them. Viewers of this webinar will learn how to avoid common pitfalls in identifying inventors and authors, establishing ownership, and establishing a proper chain of title.
