

VLP Partner Melissa Krasnow Co-Authors Two Resources for Thomson Reuters Practical Law: “Written Information Security Programs: Compliance with the Massachusetts Data Security Regulation” and “Written Information Security Program (WISP)”

VLP Partner Melissa Krasnow co-authored two resources for Thomson Reuters Practical Law addressing Written Information Security Programs (WISP).

“Written Information Security Programs: Compliance with the Massachusetts Data Security Regulation” focuses on developing and implementing a WISP based on the Massachusetts Regulation’s requirements.

The resource discusses:

- ❑ Preliminary considerations and steps when developing a WISP.
- ❑ The Massachusetts Regulation’s requirements.
- ❑ Massachusetts enforcement actions.

“Written Information Security Program (WISP)” provides a model Written Information Security Program addressing the requirements of Massachusetts’s Data Security Regulation and the Gramm-Leach-Bliley Act (GLBA) Safeguards Rule.

Ms. Krasnow provides general guidance for developing a WISP as may be required by other state and federal laws and best practices. This Standard Document also includes integrated notes with important explanations and drafting tips.
