

VLP Partner Melissa Krasnow Participates in a Webcast on Breach Notifications: How to Handle Breaches Across Jurisdictions

VLP Partner **Melissa Krasnow** participated in a webcast on February 27, 2017 sponsored by Epiq, in association with *LegalTech News*. The presentation, titled “Breach Notifications: How to Handle Breaches Across Jurisdictions,” provided multi-state in-house counsel and firm lawyers with tips from experts on how to keep data breach laws and regulations straight.

This webcast provided information about how to:

- ➔ Identify the differences in data breach protocols from state to state.
- ➔ Proficiently plan for data breach response across multiple states.
- ➔ Respond to a breach in a quicker, more cost-efficient fashion.
- ➔ Gain business intelligence with real-time reporting across matters.
