

VLP Partners Melissa Krasnow and Michael Whitener Co-Author Bloomberg Law Article “A Brief Overview of Privacy and Data Security Developments to Watch”

VLP Partners Melissa Krasnow and Michael Whitener co-authored the article “A Brief Overview of Privacy and Data Security Developments to Watch” for *Bloomberg Law Privacy and Security Law Report*.

Privacy and data security developments continue to dominate the news and will continue to do so throughout 2017. In this article, Ms. Krasnow and Mr. Whitener provide a brief overview of developments to watch in privacy and data security, including the internet of things and emerging technologies, cross-device tracking, data security, state attorney general enforcement and privacy legislation around the world (including the European Union and Canada).
